SUMMARY

User-focused Product Designer with a strong foundation in product strategy, cross-functional collaboration, and delivering intuitive, impactful experiences. Skilled in translating complex problems into thoughtful, user-centred solutions through clear communication, creative thinking, and organized execution.

EXPERIENCE

AirG Inc, Vancouver — *Product Designer*

Mobile software company creating social discovery and entertainment apps with a global user base / Mar 2017 - Jan 2024

- Led end-to-end design and development for **BrainTest**, **Mini-Me Kids**, and **UnlimitedGamez**, creating engaging and intuitive user experiences across web and mobile platforms.
- Collaborated with research partners to adapt **BrainTest for clinical studies**, designing flexible modules and backend tools to support diverse cognitive testing needs.
- Improved user onboarding and engagement for **Mini-Me Kids** by refining parental controls and enhancing usability for both children and parents.
- Redesigned core user flows in **UnlimitedGamez**, making the browsing and subscription experience more seamless and user-friendly.
- Streamlined internal tools and workflows, enabling faster content updates and more efficient customer support operations across multiple products.

Wooga, Berlin — *UI/UX Designer*

Leading mobile gaming studio specializing in narrative-driven casual games
Feb 2016 - Feb 2017 and Jul 2011 - Jan 2014

Designed and optimized user interfaces and experiences for leading mobile games, including **Jelly Splash**, **Bubble Island**, and **Pocket Village**, enhancing usability and player engagement.

Relic Entertainment / SEGA, Vancouver — *UI/UX Designer*

Award-winning game developer known for immersive real-time strategy and action games
Apr 2014 - Jan 2015

Designed gameplay experiences for **Company of Heroes 2: The Western Front Armies** and **Ardennes Assault**, enhancing mechanics, level design, and user flow to deliver high-quality player experiences.
